EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Gordon on 8/22/06.

The application has been amended as follows:

In claims 6 and 20, "encoding an amino acid sequence" was replaced by ----encoding fragment of a Pin1 polypeptide---.

The following is an examiner's statement of reasons for allowance: Applicants amended or cancelled rejected claims. The rejections are withdrawn due to the applicants' argument. The prior arts do not anticipated or suggest the novel nucleic acid. A terminal disclaimer was filed to overcome double patenting rejection and was proved.
